COMPLIMENTS OF
AMANA SOCIETY, INC

WELCOME TO AMANA, IOWA

We are a community of families, farmers and artisans that are nearly as old as Iowa itself. Quality craftsmanship isn't a coincidence, it's second nature. Our textiles are woven in the same building that was first used more than a century and a half ago, our meats are cured according to heritage recipes and our solid wood furniture lasts longer than it should. The exacting methods we use were brought from the old world by Amana's first settlers, and the pioneering spirit of those first families continues to drive new innovations in our community today.
